

This is a listing of the COREs and eCOREs operating for United Marriage Encounter.

C.O.R.E. stands for Couples Ongoing Relationship Enhancement. CORE allows couples to build on what they learned over the weekend and improve their communication skills while strengthening their marriage in the soil of a caring community. Couples are given the opportunity to meet and practice the ongoing skill of dialogue. CORE also provides the opportunity to connect and pray with other encountered couples who care about their marriages. CORE is what couples after an encounter weekend choose to do as a group to keep their marriage and communication strong.

On occasion, CORE groups may also get together to celebrate events like Valentine's Day, Reunions, Picnics, Cook-offs, etc. Attend when you can or if you unable to find a local CORE group near you, you can always join an eCORE. eCORE groups are the same as CORE groups, except eCORE groups meet virtually through Zoom or some other platform because the distance to a local CORE is too far or because couples are unable to leave their home or children.

United Marriage Encounter also has short-term Topical COREs which focus on a particular subject like finances, family parenting, communication, etc. Topical COREs last just a few weeks with clear start and end dates. To facilitate or participate in any up-and-coming Topical COREs, see our calendar or contact Pam Beadle at pbeadle@unitedmarriage.com.

Times and locations may vary, but one thing you can expect at a CORE is a loving community of encountered couples focused on keeping marriages strong. Some encountered couples may even become like family. Try it out! You and your spouse may be glad that you did!

Contact Pam Beadle to sign up: pbeadle@unitedmarriage.com or for more information.
